**UTILITY
PRODUCTS**
conference & exposition

Event Details

Date: 1-3 February 2011

Venue: San Diego, California

Kalkitech participated in Distributech 2011, utility industry's leading smart grid conference and exposition, covering automation and control systems, energy efficiency, demand response, renewable energy integration, advanced metering, T&D system operation and reliability, power delivery equipment and water utility technology. The event took place in San Diego, California from 1-3 February 2011 and saw participation from over 400 exhibiting companies and over 8,400 attendees.

Kalkitech was represented at the event by Mr. Sreeni T S, VP Sales & Marketing, Mr. Vinoo Warriar, Director-Communication Products and Mr. Vimal Warriar, Manager, Sales-Na&SA. The focus products for the event were our [Kalkitech SYNC Embedded OEM](#) solutions and [Kalkitech SYNC 5000](#) high end data acquisition system. The event also saw real time product demonstrations on Kalkitech's [IEC 61850 SCL Manager](#), remote monitoring and field level [Protocol I/Ogateways](#).

We are really thankful to all those who visited us during the event and do look forward to work with you to create ***A Whole New World of Intelligent Energy Systems***
