

GCC - POWER 2010

Event Details

Date: 18-20 October 2010

Venue: Ritz Carlton Hotel, Doha, Qatar

Booth No: B13

GCC POWER 2010 was conducted by the National Committees of CIGRE in the Arab Countries in Doha, Qatar from 18th – 20th October. This was the 15th exhibition for electrical equipments and saw participants from across the globe taking part. Being one of the fastest growing energy markets of the world, the exhibition also opened up direct access to the key decision makers in the segment. Alongside the exhibition, the regional conference of the CIGRE committees in the Arab countries happened and saw participation from Government decision-makers, leading regional and international power companies and respected industry advisors. The themes for the conference included: Substations, Power Transformers and Reactors, Switchgear and HV Equipment, Emerging Technologies.

Kalkitech was represented by our Mr. Prasanth Gopalakrishnan, CEO & Mr. Arun Nair, Manager, Sales for Middle East. During the course of the 3 day event, the focus was on the services offerings that we provide: **Protocol Consulting & Training; SCADA Consulting, Power System Studies; Protocol implementation, Substation automation, Industrial PEMS, SCADA engineering.** Our communication solutions – **SYNC** & Optimization solutions – **ELTRIX** were also showcased.

We are really thankful to all those who visited our booth and do look forward to work with you to create ***A Whole New World of Intelligent Energy Systems***
