Kalkitech Wins Best Product Award in ELECRAMA-2012

Mumbai, India January 20, 2012

Kalki Communication Technologies Ltd won the **Best Product Award** for the product **Eltrix DOPS** (Dispatch Operations of Power System) in the category of **Indian exhibitor in Small Scale Sector (SSI)** at ELECRAMA - 2012, Mumbai. The award was presented by Shri. S Sundareshan, Secretary (Heavy Industries and Public Enterprises), Government of India and Shri B Prasada Rao, CMD (BHEL). Other dignitaries present for the occasion were Shri Ramesh Chandak, President (IEEMA) and Mrs Indra Menon, Chairperson (ELECRAMA - 2012).

Mr. Sunil Vargis & Mr. Sanjivrao from Kalkitech receiving the award from Shri. S Sundareshan & Shri. B Prasada Rao

ELECRAMA is world's largest confluence of power transmission and distribution community organized by IEEMA (Indian Electrical and Electronics Manufacturing Association) held biennially in Mumbai, India since 1990. This is the 10th International exhibition of ELECRAMA held from 18-22 January, 2012 in Bombay Exhibition Centre, Mumbai. Around 1200 exhibitors from 30 countries showcased their products and offerings. ELECRAMA is an ideal venue for industry professionals and business people and technologists to come together on a single global platform. Kalkitech has been a regular participant since last few years.

Eltrix DOPS is an application for Load Dispatch Centres and Independent System Operators. DOPS module is offered under Kalkitech's ELTRIX platform. DOPS empowers system operators with an effective tool to perform various business and operational functions like monitoring and enforcing grid code compliance by constituents, optimally schedule dispatch operations, contingency management, forecasting, state/ region wise energy accounting and billing. DOPS supports the operations of various deregulated and regulated markets by using standard information modules, rule and work flow management and model based interfaces supported by ELTRIX platform. DOPS ensures implementation of grid codes like Availability Based Tariff (ABT). [Read More](#)

About Kalkitech

Kalki Communication Technologies Limited (Kalkitech) is a technology based company and a leading provider in the areas of Computing, Communication and Control for the Energy and Utilities Industries based in Bangalore. Kalkitech is committed in providing state-of-art solutions to the industry, combining the latest advances in power systems engineering and information technology, based on the international standards.
